Reconnaissance

A compulsory Reconnaissance Briefing will be held at Manfeild Carpark, 59 South Street Feilding at 1230hrs on Thursday 12 September. This is to cover off the regulations and requirements competitors must adhere to in the 'Open Reconnaissance' format.

Reconnaissance commences at 1300hrs at SS6/8, SS7 or SS10 (by competitor choice) on Thursday 12 September and finishes at 1430hrs on Friday 13th September.

All competitors participating in reconnaissance are required at reconnaissance briefing and will also be required to 'check in' at the start of each Special Stage in the allocated time windows.

Full reconnaissance instructions will be provided on the 'Reconnaissance Card' issued at documentation.

Final Parc Ferme

All cars will be held in final Parc Ferme, centre of Speedway oval, until the Prize Giving Ceremony and Post Event Scrutineering have been completed. Post Event Parc Ferme will be opened by the Clerk of the Course once these procedures have been completed and approved by the Event Stewards.

Post Event Scrutineering

The venue for this is the Scrutineering Shed, Central Energy Trust Arena pit area. Competitors whose cars are required to undergo post event scrutineering will be advised prior to the prize giving ceremony.

Welcome Function

All drivers and co-drivers are required at the Official Welcome Function, 6:00pm – 7:00pm Thursday 12 September at Toyota New Zealand, 29 Roberts Line, Palmerston North. Our event principal sponsor along with the associated District Council, City Council and other business representatives will be present. This is your opportunity to assist in showcasing the support in having the Daybreaker Rally return to the Manawatu region again.

Drivers or codrivers that are not arriving into Palmerston North until Friday and therefore unavailable to attend must notify the Clerk of the Course on srfosternz@gmail.com

Hospitality/Food & Coffee

There will be limited shared hospitality opportunities available for teams to purchase for their corporate partners at the two Super Special Stages at Central Energy Trust Area (Friday evening and Saturday afternoon). Please contact paul@rallyracegroup.com

Food and coffee will be available via commercial providers at Central Energy Trust Arena Super Special Stages, Manfeild Service Park and also at the Ceremonial Start and Official Finish.

Toilets Enroute

There will be portaloos at selected Special Stage Starts. The Official Spectator Guide and Service Crew Guide will show these locations with a 'Toilet Icon' and will also be indicated on the QR Code Google Map.

Public Toilets enroute will also be shown on the Official Spectator Guide and Service Crew Guide with a 'Toilet Icon' and will also be indicated on the QR Code Google Map.

Official After Party Bar

The Official Rally After Party will be held at Speedway Garage Bar & Grill, 528 Main Street, Palmerston North. This will be open from 7:00pm til late. We would appreciate as much support of this motorsport bar as they are another local business supportive of the Daybreaker Rally.

Class F: 2WD Classic

Entrants in Class F Competing vehicles shall be constructed prior to 1st January 1987 and shall be 2WD. The Organisers reserve the right to include additional vehicles (that fall outside this eligibility criteria) into the field if satisfied that the car/driver combination is in keeping with the spirit of the event. Subject to the above competing vehicles shall comply with the following provisions. (a) Be in compliance with the provisions of FIA Appendix K with respect to international historic rallies OR, (b) Be in compliance with MotorSport NZ Appendix Six, Schedule RH OR, (c) Vehicles that were in Series Production prior to 1st January 1987 modified in accordance with the provisions of Clauses C1 to C8 below:

C.1 Engines The engine may be substituted with another but must be an engine that was available prior to 1st January 1987. The engine block and head must be as per the original or substituted engine. Pistons, connecting rods, crankshafts and associated parts are free.

Explanatory Notes:

- This provision allows for – say – the transplant of a V8 into an escort provided that the V8 was obtainable prior to 1st January 1987 and retains the original type of block and head (s). It can, however, have modern pistons and con rods.
- A16 valve 4AGE head complies with this rule but a 20 valve 4AGE head does not comply.

C.2 Induction Forced Induction is not allowed unless standard on the vehicle at the time of manufacture i.e. A turbocharged or supercharged engine may not be transplanted into another make or model of car Intercoolers are only allowed if standard on the vehicle or homologated

C.3 Fuel Injection Fuel injection is not allowed unless standard on the vehicle or engine prior to 1st January 1987. An electronic system may not be substituted for a mechanical system. Variable valve timing is not allowed unless standard on the vehicle or engine prior to 1st January 1987

C.4 Gearbox The gearbox may be substituted with another. Ratios are free. Sequential and electronically activated gearboxes are prohibited.

C.5 Differential The differential may be substituted.

C.6 Brakes and Suspension. Brakes and suspension are free.

C.7 Wheels and Tyres Wheel sizes are free provided they can be housed inside the wheel arches or flares (ref 8.3). Tyres are free but must comply with the provision of Appendix 2, Schedule A.

C.8 Body Modification

C.8.1 Preamble: Competitors are strongly encouraged to maintain the original appearance of their vehicle.

C.8.2 Body Panels: May be lightened in accordance with Appendix 2, Schedule A however Carbon Fibre and Kevlar are prohibited.

C.8.3 Wheel Flares: May be fitted providing they do not protrude from the original line of the body work by more than 150 mm.

C.8.4 Wings: Wings or other aerodynamic appendages are not permitted. “Bobtail” or boot mounted spoilers are acceptable if it can be shown that these were common on the car as rallied prior to 1st January 1987

6. DOCUMENTATION AND SAFETY AUDITS.

Competitors must present themselves at documentation for the checking of licences and documents, issuing of competition numbers and applicable advertising material prior to presenting the car for safety audits and for those cars with forced induction engines, restrictor inspection.

Competitors are requested to arrange, with one of the scrutineers on the list below, a safety audit within the two weeks prior to the event. Inspections must be carried out between 29th August and 12th September 2024.

Cars will not be cleared to compete until all these numbers and advertising requirements are firmly affixed in the appropriate places on the vehicle.

8. OFFICIAL BULLETINS

Official Bulletins will be issued in accordance with the provisions of the National Sporting Code.

9. OFFICIAL NOTICEBOARDS

The official noticeboard will be the digital noticeboards, provided via the Sportity app and Chrissport.co.nz (there will be no physical official noticeboard).

Sportity Application: Password: Daybreaker24

Download Apple: <https://apps.apple.com/us/app/sportity/id1344934434>

Download Android:

<https://play.google.com/store/apps/details?id=com.sportity.app&hl=en&gl=US>

All competitors will be informed by push notifications through Sportity about the publication of any documents on the event digital notice board.

Competitors will still be required to sign for receipt of bulletins.

10. RESULTS

Provisional results will be posted on the official noticeboards 30 minutes after the last car finishes on Saturday 14th September 2024.

11. STAGE NOTES

The use of Stage Notes will be permitted in accordance with Schedule R Part 1, Article 8.

For those competitors wishing to purchase the Stage Notes it is essential that they advise of their intention in the box provided on the entry form.

Information: The stage note system uses an automated computer program to generate a description of the special stage road using sensors fitted to a vehicle driven through each stage.

Such notes describe the route in more detail than the Road Book and can be used without reconnaissance. The purchase and use of the stage notes is a direct contract between the competitor and Neil Allport Motorsport with the organiser's involvement being limited to authorising the use and facilitating the preparation and distribution on behalf of Neil Allport Motorsport.

12 RECONNAISSANCE

An opportunity exists on Thursday 12th September and Friday 13th September for those competitors who purchase the approved stage notes to take part in a reconnaissance; this opportunity is NOT available to those who do not purchase stage notes.

There will be opening times for stage entry and competitors will be required to check in at the start of each stage and check out at the end of each stage.

A compulsory briefing will be held for all those undertaking reconnaissance. This will be at Manfeild Carpark, 59 South Street, Feilding, at 1230hrs on Thursday 12th September.

An extra fee of \$50.00 is payable to take part in Reconnaissance.

NOTE: Unauthorised reconnaissance is strictly prohibited.

Reconnaissance Instructions

Daybreaker Rally reconnaissance will be operating to a 'time window/non-convoy' format. The intention is to give the competitors as much space as possible between cars and to have every opportunity to observe critical stage information and hazards. The organisers trialed this format at Southern Lights Rally in June and received positive feedback from the competitors, however remind all competitors to observe the following rules around reconnaissance.

Reconnaissance Stage Schedule / Time Card will be issued at Documentation. This will be required to access Special Stages.

All roads will be open during reconnaissance. Competitors MUST retain speeds below 80kph, MUST NOT cut corners and MUST stay on the LEFT side of the road at ALL TIMES.

Stages may be traversed by competitors within the time window provided in the reconnaissance schedule.

All Competitors are required to 'check in' at the start of the non-convoy stages and 'check out' at the end of the non-convoy stages with the time cards provided at Documentation. A rally official, positioned at time control points at each stage start and finish, will facilitate this process.

Stages must ONLY be run once.

Competitors must not:

- deviate from the rally route.
- go in the wrong direction in a stage.
- exceed 80kph in a stage.

Reconnaissance cars must have their competition numbers affixed to the windows in the prescribed spaces and must always drive with their headlights on.

Reconnaissance of SSS1/11 may occur on Thursday evening in the time window provided OR on

Friday in the time window provided.

Caution Boards & Restricted Speed Zone Signage will be in place prior to reconnaissance.

Arrows will be in place on major intersections prior to reconnaissance.

Stage starts and stage finishes will be marked.

13 GENERAL

A. FUEL

Competitors are reminded to ensure they are familiar with the MotorSport NZ Code of Practice – Fuel Handling. This can be found on the MotorSport NZ website – www.motorsport.org.nz

Crews can refuel within the service area.

All Competitors will have two opportunities to refuel outside the service areas.

Procedure in Refuel Areas

- Only actions inside a refuel area directly involved in the refueling of the competing vehicle are permitted.
- The responsibility for refueling including the required fire extinguisher operator is incumbent on the competitor and their team members alone.
- Engines must be switched off throughout the refueling operation.
- It is required that the driver and co-driver remain outside the car during refueling.
- Solely for the purpose of assisting with the refueling procedure of their car, two team members of each crew may access the refuel area. They may only enter the refuel area ten minutes before their car's arrival and must leave once refueling is completed.
- Competitors are reminded of their requirement to have a Fire extinguisher with operator on standby to be provided by the competitor while refueling.
- All competitors must supply and use absorbent spill mats during refueling. The use of kitty litter or drip trays is not permitted.
- If a spill occurs the car must be pushed away from the spill without starting the engine. The car is not permitted to leave the refuel area until the spill has been cleaned up to the satisfaction of the refuel marshals.
- A car may be pushed out of the RA by the crew, the two team members and/or officials without incurring a penalty.

Apparel when refueling:

- The team member refueling the car and the extinguisher operator must at a minimum wear the following apparel made from a non-flammable material during refueling operations:
 - Cotton overalls
 - Gloves
 - Balaclava
 - Covered shoes of a non-flammable material i.e., no running shoes
- It is not permitted for the driver or co-driver to refuel the car wearing their competition apparel however they may act as the extinguisher operator.

PROCEDURE AT COMMERCIAL FILLING STATIONS

- Competitors are permitted to refuel using commercial petrol stations that the route directly passes however may not perform any other actions at these locations and their service crew are not permitted to assist. This fuel must be dispensed directly into the tank of the competing car.

The crew must use solely the equipment on board and only the pumps with no external physical assistance. Competitors are reminded they must always respect the roadbook, including transiting remote refuels.

EMPTYING AND/OR REFILLING THE TANK IN THE SERVICE PARK

When necessary, as part of service (i.e., changing of fuel tank, changing of fuel pump, changing of fuel filter, changing of any other item of the fuel circuit), emptying and/or refilling is permitted in a service park provided that:

- The work is carried out with the knowledge and approval of the Service Park Manager
- Fire extinguisher with operator on standby to be provided by the competitor.
- No other work is carried out on the car while the fuel circuit is open and/or during the emptying and/or refilling operation.
- A suitable safety perimeter is established around the car.
- Only sufficient fuel is added to reach the next refuel area.
- Crews will be held responsible for any fuel spillage and subsequent environmental damage.

B. SERVICING

Pre-Event Car Preparation

Teams may set up at Central Energy Trust Arena in the designated 'Service A' area from 0800 hrs on Wednesday 11 September for the purpose of pre-event car preparation, and may leave their set-up in place until after Service A.

Please note; this is a secure, locked facility, however overnight security will not be in place other than Friday night. Vehicles, trailers and gear may be left onsite, however will be at your own risk.

All servicing will be restricted to the four service areas which are located at;

- Central Energy Trust Arena Speedway Pit Lane (Service A)
- Otiwhiti Station (Service B)
- Taihape Memorial Park (Service C)
- Manfeild Arena Carpark (Service D)

NOTE: Large trucks will NOT be able to traverse the driveway in and out of Otiwhiti Station Service A. Please DO NOT attempt to bring large trucks to this service. The purpose of this service is to remove light pods, fit tyres and refuel, and it is advised that only utes, vans and smaller service vehicles attend this service location. For further clarity on this, please contact Paul Fallon or Tony McConachy.

As these are public areas, servicing is to be conducted on groundsheets and areas left in a tidy condition.

A Service Crew Guide will be included in the Competitor Packs distributed at Documentation.

Competitors who wish to share service crews or with large trucks and service vehicles are requested to make an application with **details and dimensions of the extra space required to the Secretary** along with their entry form.

Crews can refuel within the service park.

Competitors must remove all rubbish, oil and tyres from each Service Park.
Toilets will be available at all Service Parks

Supplementary refuel areas have been provided for and are included in the Itinerary. Only refueling may be carried out at these points.

C. WITHDRAWAL FROM AND REJOINING THE EVENT

Temporary or Permanent Withdrawal: Where a competitor decides to withdraw from the event the competitor must remain on the rally route until they have advised the sweeper car of their withdrawal. A completed notification of withdrawal form must be handed into the appropriate rally official for urgent transmission to Rally Control confirming the withdrawal. **Temporary or Permanent Withdrawal Forms may be handed to a CRO.** Failure to carry out this procedure will incur a penalty.

If a competitor believes that they may be able to restart the rally after an incident, they should complete a "Temporary Withdrawal" form.

If a competitor then wishes to re-join the event, they must do so at a Time Control at the exit of the **Taihape or Manfeild Service Park (TC5C or TC7D) or at SS8 and SS9 (TC8 or TC9).** They cannot rejoin in a starting position higher than that at which they had been running prior to the Temporary Withdrawal. They must hand in a "Rejoining" Form to the time Control Chief.

The organisers require cars that have suffered accident damage to be checked and cleared by the Chief Scrutineer or his appointed assistant before re-joining.

No competitor will be permitted to restart the rally once they have handed in a "Final Withdrawal" form.

D. POWER STAGE

The "Power Stage" will be SS9 McBeth 2. The Power Stage back up stage will be SS7 **McBeth 1.**

E. OFFICIAL PRIZE GIVING AND AWARDS

Prize Giving will be held at Central Energy Trust Arena at the completion of the event.

F. RALLYSAFE

The Rally will be using 'RallySafe' technology on this event. This will be compulsory for all competitors.

Safety tracking units will be available for uplifting from the documentation venue on Thursday 12th September from 8:00 to 12:00hrs and Friday 13th September from 9:00 to 14:30hrs.

These units must be fitted to the competing cars prior to the ceremonial start to enable system testing to be carried out. Failure to comply will incur a penalty.

THE UNITS WILL BE ISSUED AT DOCUMENTATION AND YOU MUST ENSURE THAT YOU HAVE THE CORRECT UNIT IDENTIFIED FOR YOUR CAR.

For the safety tracking units to operate effectively during and after an accident the unit needs to be connected directly to the battery before the battery master switch.

The post event collection of safety tracking units will be undertaken after SSS11 Central Energy

Trust Arena. Should a competitor fail to finish the event it is their responsibility to ensure the unit is returned to Rally Control, Central Energy Trust Arena, Grandstand Building Level 3, entrance via Gate 1, Waldegrave St.

For those who do not yet have their car fitted with the installation kit they are available from:

<http://rallysafe.com.au/shop/product/rally>

G. SSS1 Central Energy Trust Arena. SUPER SPECIAL STAGE

Upon arrival at the Central Energy Trust Arena, competitors must follow marshals' instructions to be a) parked on the infield prior to the running of SSS1 and b) to start SSS1.

SSS11 Central Energy Trust Arena. SUPER SPECIAL STAGE

Upon arriving at Regroup (TC10A) at Central Energy Trust Arena, competitors must follow marshals instructions. Reverse Classification running order will apply. Officials will advise of SSS11 Start Times.

All cars are required to park on the Speedway Oval infield immediately after the completion of SSS11

Should a competitor fail to complete either SSS1 or SSS11, **MSNZ Manual App 3, Schedule R, 22.3 (4)** will apply.

The red flag procedure will be in place for the running of SSS1/11.

Competitors are to remain on the track surface of the Speedway track. This is defined as keeping all four wheels on the dirt surface and no wheels on the grass.

"Don't Cut" devices will be erected in some locations; these are to ensure competitors remain on the defined surface.

Failure to remain on the defined surface will incur a penalty of 5 secs for each breach. Judges of Fact will be appointed.

H. TESTING

Testing is available at Pararorangi Road, Manawatu on Wednesday 11th September from 1700hrs to 2000hrs. The purpose of this test is to test your rally car and set up Light Pods for the event.

Registered driver and codriver only may participate in this test - no media rides.

Competitors wishing to participate must register with Tony McConachy tony@rallyracegroup.com or 021 533925 by Friday 6th September. The organisers reserve the right to abandon testing if less than 10 competitors register to participate.

The cost is \$250.

K. SPECIAL STAGE DESCRIPTIONS

STAGE 1: Central Energy Trust Arena 1.20km

A Super Special Stage with a twist. Part Speedway oval with a touch of Gymkhana tarmac around obstacles. Turn it up for the fans, but don't put it in the wall. You'll be against the clock....and another rally car.

STAGE 2: Taurimu. 7.37km

First thing and in the dark! Short sharp flowing stage starting on a long downhill section. Watch for the valley drops to the right. Well maintained road with a firm well aged base. Some loose gravel on top that will sweep quickly. Perfect warm up for the day ahead.

STAGE 3: Turakina Valley. 16.04km

This is a pure county road valley stage. Pretty pacey initially and has a couple of tighter sections around some bluffs. Opens out towards the end of the stage. Again a beautifully maintained classic county road that many will enjoy.

STAGE 4: Pohonui. 35.48km

Daylight should have arrived. This stage is a classic Daybreaker stage, tight, switchback after switchback. Technical and precision driving required to obtain a good stage time here. Does start to open out faster towards the last third of the stage. Still has a fantastic flowing nature though and will be a challenge. One of two long stages of the event, with a good strategy it will benefit those well planned.

STAGE 5: Ridge North 10.15km

Back as part of the Daybreaker from 2023. Open from the start leading to a tight and narrow uphill to top of the ridge. Very tight left hander hairpin, cautioned as you don't want to go wide, then fast downhill to finish. Hard gravel base.

STAGE 6/8: Peep-O-Day 37.08km

First of the repeat stages for 2024 Daybreaker. The most rewarding and flowing stage of the event. For those who did 2023 Daybreaker, you will recognize the first 23km before turning onto Peep-O-Day Road. Classic rally roads with very good rhythm and at times a changeable base with stretches of tarmac dotted to adjoining roads. Some really good pace in here with the odd switchback to keep ya honest. Finishing on a road used many years ago by the Daybreaker - Peep-O-Day Road.

Stage 7/9: McBeth 7.81km

The second of this year's repeat stages and one that was run in 2023. A Driver's favorite! Short, sharp with fantastic flow. Pinpoint accuracy will reward the brave here. Can be slippery when wet though. A change to this year's run with a left at the popular Spectator Point rather than the hairpin right. SS7 is the warm up stage for what will be the Power Stage as SS9.

STAGE 10: Ridge 30.97km

The 'infamous' Daybreaker Rally Ridge Road is back and it is full length this year. Part of this stage was run in 2023 as 'Te Awa' but this time it's Ridge Road for real! Plenty of action in here with a multitude of switchbacks and crests all running on a narrow ridge the entire length of the stage. A sharp eye will pick up "Joe's Crest" from Legacy days. Another stage that a well thought strategy will prosper. Finishes on a long downhill flowing out to Pohangina Village.

STAGE 11: Central Energy Trust Arena (Reverse order). 1.20km

You've had a practice run on Friday evening, now is the time to put on a show for the fans! Keep a clean run here but pull the numbers and move the car around. Now's the time to showcase our sport to the many spectators that have come to watch the spectacle. Enjoy, but get to the finish!

Stage Number	Stage Name	Comparison to 2023
SS1/11	Central Energy Trust Arena	New Stage in 2024
SS2	Taurimu	New Stage in 2024
SS3	Turakina Valley	New Stage in 2024
SS4	Pohonui	New Stage in 2024
SS5	Ridge North	Same as 2023
SS6/8	Peep-O-Day	First 23km same as SS6 in 2023 – Sandon Block
SS7/9	McBeth	Same as 2023
SS10	Ridge	First section new in 2024. Same as 2023 between TeAwa Rd junction to Finnis Rd junction
